

ShorePort

We Cover The Waterfront.

SHOREMASTER

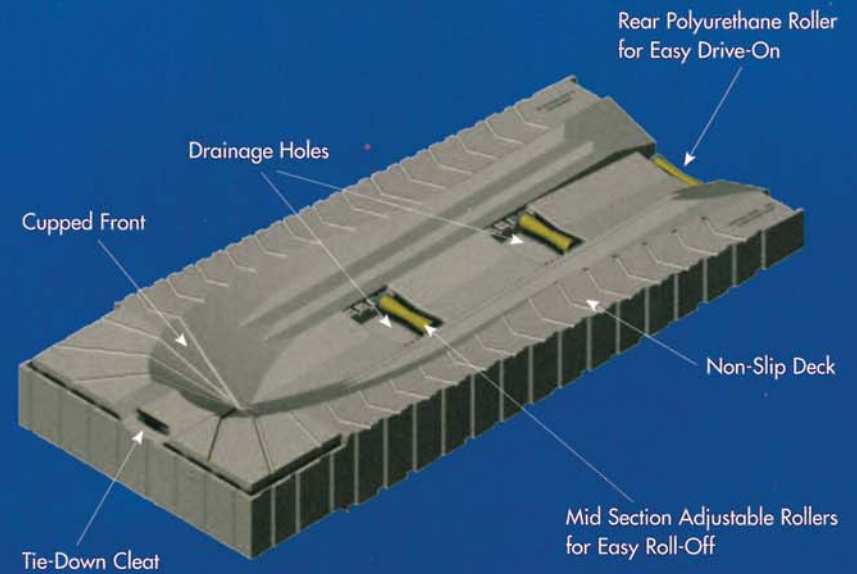

ShorePort

Whether your dock is fixed or floating, there's no easier way to land your personal watercraft.

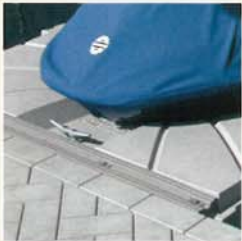

Just drive on to load, roll off to launch. There is no faster, easier or simpler method to dry dock your personal watercraft. The ShorePort protects it from damage that can be caused by wind or waves. Visit us at www.shoremaster.com for more information.

Models & Specifications

Model	Weight Capacity	Width	Length	Weight
1150	1,150 lbs.	58"	138"	260 lbs.

Product Features and Benefits

Front End Connection (For Poly Dock)

- Easy clamp design allows for sturdy alternative attachment to the ShoreMaster Poly Dock.
